

FACIAL AESTHETIC PACKAGE

What Can the Facial Aesthetic Package Do For You?

Utah plastic surgeon, Dr. Renato Saltz, offers his Facial Aesthetic Package to provide a range of services designed to reduce the visible signs of aging on the face and neck. Here, Dr. Saltz highlights the **Top 5 Benefits** to his unique cosmetic approach.

1. *It's the Total Package*

No one else offers such a comprehensive and integrated cosmetic solution. Your post-surgical services include topical treatments such as, tissue fillers, Botox, microdermabrasion, laser treatments, lymphatic drainage massage, facials, as well as makeup consultations. The Facial Aesthetic Package gives you the 'WOW' factor.

2. *It's Made Just for You*

Because no two patients are exactly the same, Dr. Saltz has developed his Facial Aesthetic Package to be entirely

customizable around your specific individual needs. Your consultation with Dr. Saltz and his team prior to procedures will craft a unique course of action.

3. *It Complements Your Cosmetic Surgery*

Non-invasive, non-surgical services are offered within the Facial Aesthetic Package because the package is designed to complement the more extensive cosmetic surgery. Results from brow lift, for example, can be enhanced with Botox injections and/or tissue fillers.

4. *It Benefits Patients of All Ages*

Younger patients may use it as a preventative measure to stall the aging process. It is also beneficial to those seeking to maintain and enhance the results of their previous aesthetic surgeries or to those

seeking to counter the effects of prolonged exposure to the sun.

5. *It Creates the Most Beautiful You*

Unlike other practitioners, Dr. Saltz, a Board Certified Plastic Surgeon, personally oversees every procedure within the Facial Aesthetic Package. Dr. Saltz's integrated approach is nothing less than artistry ensuring the perfect result - the most beautiful you.

Top 5 Benefits:

- ◆ It's the Total Package
- ◆ It's Made Just for You
- ◆ It Complements Your Cosmetic Surgery
