THE CLINIC ASK THE EXPERTS

DERMATOLOGY
Joel L. Cohen, MD
DENVER DERMATOLOGIST
@aboutskinderm.com

"Treatments that minimize acne scars can literally resurrect some people's self-confidence. While we can't make acne scars go away, we can do several sessions of fractional ablative resurfacing and fractional radio frequency to see improvement."

COSMETIC DENTISTRY
Ronald Goldstein, DDS
COSMETIC DENTIST AND AUTHOR OF CHANGE YOUR SMILE
@RonGoldsteinDDS

"Cosmetic contouring can instantly create an illusion of straighter teeth. This procedure has given my patients the most amazing inward transformation because one minute they hated their smile, and the next, they could not believe the difference."

PLASTIC SURGERY
Sanjay Grover, MD
NEWPORT BEACH, CA
PLASTIC SURGEON; DIRECTOR, GROVER AESTHETICS AND LASER LOUNGE
drgrover.com

"One of the most rewarding procedures for me to do is a Mommy Makeover. Many women feel that they have given up so much of themselves for their children and it is time to do something for themselves."

FACIAL PLASTIC SURGERY
Andrew Jacono, MD
NEW YORK FACIAL PLASTIC SURGEON
newyorkfacialplasticsurgery.com

"The most transformative cosmetic procedure I perform is a facelift. Although studies have shown that confidence comes from within, I can tell you that I have witnessed many inner transformations echo outer transformations."

PLASTIC SURGERY
Julius W. Few, MD
DIRECTOR OF THE FEW INSTITUTE FOR AESTHETIC PLASTIC SURGERY
@JuliusFewMD

"I believe blepharoplasties lead to a dramatic inward transformation. Eyes are the window to the soul. Once the eye becomes the clear, dominant feature, the sense of confidence that comes with it is truly powerful."

PLASTIC SURGERY
Mark L. Jewell, MD
PAST PRESIDENT OF THE AMERICAN SOCIETY FOR AESTHETIC PLASTIC SURGERY
markjewellmd.com

"The biggest transformation is when patients reach the time following a breast augmentation where they have incorporated their new appearance into their body image and accept it."

COSMETIC DENTISTRY
Laurence R. Rifkin, DDS
BEVERLY HILLS, CA
COSMETIC DENTIST
@LaurenceRifkin

"The ability to smile without fear is frequently a major obstacle. Undoubtedly, the greatest dental cosmetic procedure that promotes the highest inward transformation of self-esteem has been porcelain veneers."

PLASTIC SURGERY
Renato Saltz, MD
PAST PRESIDENT OF ASAPS AND ISAPS
@saltzplasticsurgery

"In my experience, tummy tucks and body-contouring surgeries are the most gratifying procedures for improving patients' lives. Patients have reported improved physical ability, work performance and social skills."
